HEAVY-DUTY ELECTRIC FORKLIFT · 2026 MODEL

LX-6600

Built for heavy-duty performance, the LX-6600 combines robust lifting capacity with smooth operation. Designed and manufactured by Luxx Forklifts — every unit is brand-new.

$23,995 CAD

IN STOCK · READY TO SHIP

RATED CAPACITY
6,600 lb
3,000 kg

MAX. LIFT HEIGHT
178 in
4.5 m

RUN TIME
8–9 h
Continuous, per charge

01
Lifting power
Moves heavy loads with ease across warehouses, construction sites and manufacturing facilities.

02
Compact, agile design
A short wheelbase and tight power steering navigate crowded aisles and busy industrial yards.

03
A full shift per charge
Deep-cycle, high-performance lead-acid batteries deliver 8–9 hours of continuous run time and recharge from a standard 120 V outlet.

SAFETY SHUT-OFF	**Automatic** When fully charged

Capacity & load centre

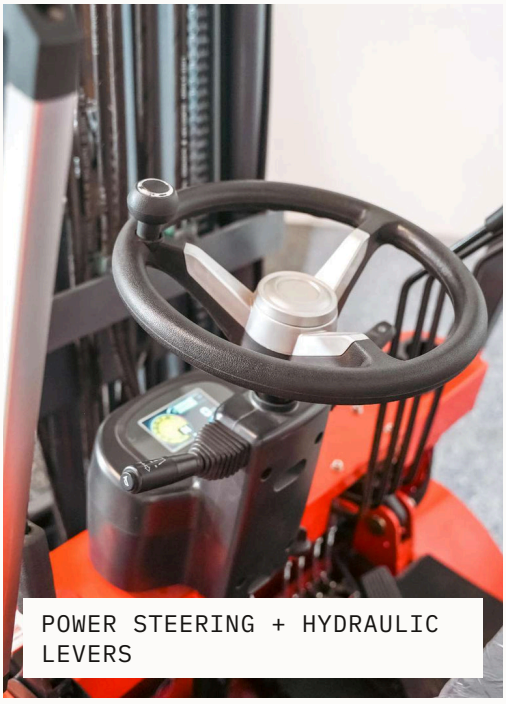

≈5,800 lb
≈2,631 kg

Capacity at 178 in (4.5 m) maximum lift height with a 24 in (610 mm) load centre.

7,000+ lb
3,175+ kg

Physical lifting capability. Rated at 6,600 lb (3,000 kg) for safety — do not exceed the rated capacity.

Refer to the unit’s data plate for exact ratings.

POWER STEERING + HYDRAULIC LEVERS

Warranty, service & support

Warranty

1-year comprehensive. Covers the frame, drivetrain, hydraulics and other major components.

3-year battery. A separate warranty on the battery.

Extended, $1,800 / year. The same comprehensive coverage as the standard warranty.

After warranty. Parts and service continue at cost, with minimal additional charges.

Parts availability

Stocked. All parts are held at our Abbotsford warehouse.

~95% sourced locally. Most parts can also be found close to you.

Service

In-house technicians. Full-time, available weekdays and weekends.

1–2 hour response. Typical time from service call to arrival on-site.

Loaner forklift. Provided immediately if a repair can't be completed quickly.

Service partners. Third-party partners, including NNK Equipment, step in if our team is fully booked.

Compliance & insurance

$10M liability insurance. Commercial General Liability coverage on our forklifts; documents on request.

WorkSafeBC. Inspected at many client sites — every forklift has passed.

Commercial

Trade-in upgrades
Move up to a heavier-duty or higher-capacity model within the first year. Value confirmed at time of upgrade.
